

NURSEIMPACT: "CHANGING THE WORLD, LEAVING A LEGACY"

IMPACT PROJECT

Nurses will be guided through identifying, planning, and executing impactful projects within their healthcare organizations or communities. One-on-one mentoring and peer support will help to bring your projects to life.

CHANGE AGENT

Nurses will receive a copy of John Maxwell's "Change Your World" as the foundational resource. Interactive lessons and discussions will explore the book's key principles and how they apply to nursing and healthcare.

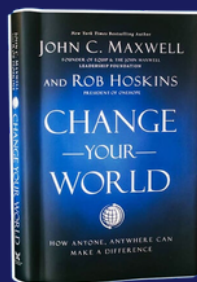

GRADUATION AND LEGACY PLEDGE

Graduates will be recognized and celebrated for outstanding impact projects and continue their journey of making a difference and leaving a legacy of significance.

DR. EVETTE WILSON, DNP, RN

As a distinguished keynote speaker, educator, and executive coach, Dr. Evette Wilson stands at the helm of NurseVision, her own consultancy firm committed to the advancement of nurse leaders. Her expertise is built on a foundation of three decades as a registered nurse, with over twenty years dedicated to executive leadership. As a mentee of Dr. John C. Maxwell and an Executive Director on the Maxwell Leadership Team, Dr. Wilson embodies the principles of servant leadership. Dr. Wilson's educational background is as extensive as her professional experience, with degrees from the University of South Carolina, the University of Phoenix, and a Doctorate in Nursing Practice from the University of Nevada, Las Vegas. Based in Las Vegas, NV, Dr. Wilson is a beacon for potential and growth within the healthcare leadership community.

Curriculum based on
John Maxwell's
acclaimed book,
"Change Your World"

Community

Fostering a supportive community of nurses committed to making a positive difference.

Empowerment

Empowering nurses to become effective change-makers and leaders in healthcare.

Skills & Confidence

Equipping nurses with the skills and confidence to leave a legacy that transcends their nursing careers.
